

Frasers Commercial Trust 3Q2008 Financial Results

3 November 2008

Important notice

This presentation is focused on comparing actual results versus forecast for Frasers Commercial Trust's properties. All references to forecast in this presentation are defined as follows:

The 3Q2008 forecast is based on management's FY2008 forecast shown in the Circular dated 26 June 2007, pro-rated for the period from 1 July to 30 September 2008. The YTD2008 forecast is based on management's FY2008 forecast shown in the Circular dated 26 June 2007, pro-rated for the period from 1 January to 30 September 2008.

Certain statements in this Presentation constitute "forward-looking statements", including forward-looking financial information. Such forward-looking statement and financial information involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of FCOT or the Manager, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements and financial information. Such forward-looking statements and financial information are based on numerous assumptions regarding the Manager's present and future business strategies and the environment in which FCOT or the Manager will operate in the future. Because these statements and financial information reflect the Manager's current views concerning future events, these statements and financial information necessarily involve risks, uncertainties and assumptions. Actual future performance could differ materially from these forward-looking statements and financial information.

The Manager expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement or financial information contained in this Presentation to reflect any change in the Manager's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement or information is based, subject to compliance with all applicable laws and regulations and/or the rules of the SGX-ST and/or any other regulatory or supervisory body or agency.

The value of Frasers Commercial Trust units ("Units") and the income derived from them, if any, may fall or rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested. Investors should note that they have no right to request the Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on the Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

This document is for information only and does not constitute an invitation or offer to acquire, purchase or subscribe for the Units. The past performance of REIT and the Manager is not necessarily indicative of the future performance of Frasers Commercial Trust and the Manager.

This Presentation contains certain information with respect to the trade sectors of FCT's tenants. The Manager has determined the trade sectors in which FCT's tenants are primarily involved based on the Manager's general understanding of the business activities conducted by such tenants. The Manager's knowledge of the business activities of FCT's tenants is necessarily limited and such tenants may conduct business activities that are in addition to, or different from, those shown herein.

This Presentation includes market and industry data and forecast that have been obtained from internal survey, reports and studies, where appropriate, as well as market research, publicly available information and industry publications. Industry publications, surveys and forecasts generally state that the information they contain has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy or completeness of such included information. While the Manager has taken reasonable steps to ensure that the information is extracted accurately and in its proper context, the Manager has not independently verified any of the data from third party sources or ascertained the underlying economic assumptions relied upon therein.

Strategic review

3QY2008: marked new beginnings with new management under a new sponsor

- **New management:** acquisition of Manager and 18.27% of Units of **Allco Commercial REIT** completed on 14 August 2008
- **Strategic review:** review of all operations, including initiatives commenced by previous management and implementation of new measures
- **Management's priority:** consolidate operations – focusing on active asset management, capital management and stabilisation of 2007 acquisitions
- **New sponsor:** capitalise on strength of new sponsor, Frasers Centrepoint Limited, in terms of access to debt funding, pipeline of assets and retail and office management expertise

New management: strategic review of all operations, including initiatives commenced by previous management

Key area of focus	Strategic outcome	Rationale
Asset enhancements	Revision of project scopes of work	<ul style="list-style-type: none"> Current retail enhancement projects at KeyPoint and China Square Central placed on hold pending modified plans utilising FCL’s retail development expertise
Australian asset sales	Withdrawal of sales process	<ul style="list-style-type: none"> Central Park and Centrelink continue to provide strong contribution to portfolio in terms of tenant profile, income security and asset quality
China Square Central	Hotel development not to proceed	<ul style="list-style-type: none"> Current construction costs, an award of lower than expected GFA and tight capital market conditions do not make the project feasible at present Hotel investment market drivers now softer: <ul style="list-style-type: none"> Expected additional supply of 8,970 hotel rooms by 2010 – some 29% more * Tourist arrivals may drop in current economic climate which may impact occupancy rates
Japanese properties	Reviewing long term investment strategy	<ul style="list-style-type: none"> Compared to larger and newer property stock in both Tokyo and Osaka, FCOT’s Japanese assets are more susceptible to tenant risk in a slowing economy and require more intense asset management

Organic growth: by way of maximising asset performance, completing refinance and asset enhancements

Growth channel	Status	Outlook
Maximise rental growth	Ongoing	<ul style="list-style-type: none"> ▪ Opportunity for market rental reversions given most passing rents significantly below prevailing market rents ▪ Active asset management to retain tenants while maximising lease renewal and new lease rentals
Expense control	Ongoing	<ul style="list-style-type: none"> ▪ Evaluation of costs savings where possible across portfolio
Asset enhancements	In progress	<ul style="list-style-type: none"> ▪ Tap into FCL retail development expertise to improve asset enhancement plans for KeyPoint and China Square Central ▪ Actual plans remain subject to funding and costs ▪ China Square Central hotel development not proceeding at present
Optimise capital structure	In progress	<ul style="list-style-type: none"> ▪ Strategy for recapitalisation and strengthening balance sheet in process ▪ Target long term gearing below 40% ▪ Withdrawal of sales process of Australian assets
Injection pipeline assets	Evaluating	<ul style="list-style-type: none"> ▪ Presence of strong sponsor, FCL, provides opportunity for warehousing assets ▪ Evaluating feasibility and timing for asset injection

FCL warehouse: FCOT's new developer–sponsor, providing quality assets for sustainable growth pipeline at appropriate timing
